

# Geotechnical Uncertainty & Risk Management: Saving Millions of Dollars Up Front

## WHEN:

Thursday, February 23rd, 2012 – 5:30pm to 7:30pm

## WHERE:

The Haskell Building, 111 Riverside Ave.,  
Jacksonville, Florida 32202

## Event Cost:

\$15 per person

## Continuing Education Credits:

1hr DBIA Credit (pending approval)

## RSVP:

Register on-line at [www.fldb.org](http://www.fldb.org), Meetings Calendar.  
Or to Susan McDowell, 904.483.3843, [smcdowell@newforma.com](mailto:smcdowell@newforma.com)

## Lecture Description:

- **An Integrated Approach to Site Characterization:**  
What to do before probing holes in the ground.
- **How to Pay for the Geotechnical Investigation:**  
You will pay for a good geotechnical investigation whether you do one or not.
- **GIS and Data Integration: Latest State of the Art for Major Projects:**  
Examples of how this works and where it has save millions of dollars on specific D/B projects.

**Presenter:** Mr. Ray Wood, CEng (UK), Executive Vice President, Fugro Consultants, Inc.  
Fugro is an international geotechnics company. With over 13,500 staff and offices in 75 countries, they are the world leaders in collection and interpretation of data relating to the earth's surface and sub-surface.

## ADDITIONAL:

Light snacks and soft drinks will be provided.
